About ESI

ESI is an Ohio-based property and casualty insurance company, authorized to insure consumer deposit accounts by the Ohio Department of Insurance, as well as the 34 other states in which the company operates.

ESI is the only U.S. private deposit insurer who partners with credit unions and banking programs serving overseas service members.

Since its founding in 1993, hundreds of financial institutions have trusted ESI to protect their deposits. ESI currently protects 300 financial institutions of all sizes, with insured deposits totaling more than \$6 billion.

ESI offers more protection by insuring up to \$250,000 for each and every account, compared to the industry standard of \$250,000 per client.

Throughout its history, not a single depositor has ever lost money in an ESI-insured account.

The company's financial statements are audited annually by an independent CPA firm and are available upon request through your financial institution.

The ESI Difference

Supporting Everyday Heroes

ESI is committed to serving financial institutions that support everyday heroes — including active service members using Community Bank while serving their country overseas.

Peace of Mind

Depositors can take comfort in the per account protection provided by ESI.

Enhanced Security

ESI's monitoring and review process allows us to structure our insurance programs to meet the needs of our customers, while still operating within the confines of safety and soundness.
